- HTML
- CSS
- Sass
- Less
- Bootstrap
- Java Script
- React
- Git
- Figma
- Photoshop

Professional Summary

I have been studying web programming since October 2021. During this time, more than 30 websites and applications have been created using technologies such as Sass, Bootstrap, React, etc. I also practice in creating and layout web pages using the Figma graphic editor. Familiar with basic Git commands. At the moment, I continue to learn JavaScript, React, Figma as well as Linux terminal commands.
